

## **INTERNSHIP OPPERTUNITIES**

Date:18.02.2020

A Public Sector Organization in the Education sector funded by a foreign donor agency is working to improve access, equity and quality in education in province of Sindh by improving governance and institutionalizing accountability in education service.

The program is being implemented in seven districts of Northern Sindh and selected towns of Karachi to increase and sustain student enrolment in primary, middle and secondary schools in targeted geographic locations in Sindh by developing a school environment conducive to teaching and learning.
